Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner initially contacted applicant on December 9, 2008 about allowance of claims. Discussed the merits of claims 31-33. Applicant agreed that is was acceptable to place 31-33 into independent form by modifying independent claims 1, 8 and 18 and cancelling claims 31-33. The fully engaged configuration was not supported by the original disclosure. However, an "engaged" configuration was sufficiently supported. The word "fully" has been deleted from claim 34-36 to overcome the new matter rejection. Discussed claim 22 dependency change to claim 8.
